

LESCO®

LESCOFlo™ Ultra

Superior Non-Ionic Wetting Agent for Turf and Ornamentals

INGREDIENTS:

Non-ionic Surfactant 100%

Keep Out of Reach of Children
Read All Directions Before Using

WARNING

Hazard statements:

May cause an allergic skin reaction
Causes eye irritation
Harmful to aquatic life

Precautionary statements:

Avoid breathing dust/fume/gas/mist/vapours/spray
Wash hands thoroughly after handling
Contaminated work clothing should not be allowed out of the workplace
Avoid release to the environment
Wear protective gloves/protective clothing/eye protection/face protection
IF ON SKIN: Wash with plenty of soap and water
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
Specific treatment (see back panel)
If skin irritation or rash occurs: Get medical advice/attention
If eye irritation persists: Get medical advice/attention
Take off contaminated clothing and wash it before reuse
Dispose of contents in accordance with state and local regulations

GENERAL DESCRIPTION

LESCOFlo™ Ultra is an improved formulation of a fully functional nonionic wetting agent formulated to remain effective in the soil throughout the growing season when using a single high rate of application. This product alleviates problems associated with localized dry spot (LDS) from hydrophobic soils on all turfgrass areas. LESCOFlo Ultra is an enhanced formulation with an increased rate and depth of water penetration promoting more efficient irrigation practices throughout the growing season. LESCOFlo Ultra can be applied as a season long, residual wetting agent to reduce turf stress. It can be applied to all turfgrass areas, including golf courses, tees, greens, fairways, athletic fields, residential and commercial lawns, sod farms, cemeteries, parks and any other general use turfgrass areas. LESCOFlo Ultra is ideal for use on newly seeded or hydro seeded turfgrass or when planting ornamental trees, shrubs or flowers to greatly reduce irrigation or watering needs.

DIRECTIONS FOR USE

LESCOFlo Ultra works best when applied at the start of the growing season. However, it can also be used curatively to relieve plant stress due to hydrophobic soils any time during the year. Since LESCOFlo Ultra does not dissipate rapidly in the soil, only 1 or 2 applications will be necessary during the growing season. Application can be accomplished with a standard boom sprayer using minimum carrier volume of 100 gallons of water per acre. LESCOFlo Ultra must be watered immediately after application with at least a syringe cycle of irrigation to enhance soil activation. The reason for this is due to the low solubility characteristics of the active ingredients which provide the extended residual activity. A powered irrigation injection unit or calibrated professional hose and dilutor such as LESCO Accu-Rate™ gun may also be used to apply LESCOFlo Ultra.

APPLICATION RATES

LESCOFlo Ultra application rates are 8-16 fl. oz. per 1,000 sq. ft. When using the high rate of 16 fl. oz./1,000 sq. ft., only one application throughout the growing season may be necessary. When used at the highest application rate and in certain weather and soil conditions, temporary leaf-tip discoloration may occur. To reduce potential for leaf-tip discoloration apply during the coolest part of the day, and irrigate with at least 1/4 inches of water after application to wash the active ingredients off the grass leaf blades and into the soil. If LESCOFlo Ultra is applied at a dilution rate of at least 1:400 (8 fl. oz./25 gallons water), no irrigation is necessary following application. Tank mix compatibility with other product will vary, even though LESCOFlo Ultra is nonionic. Variables such as water source properties, type of sprayer and agitation as well as local environmental conditions are factors which can determine compatibility of LESCOFlo Ultra with other compounds. Incompatibility can be determined using a simple jar test. Partially fill a container 2/3 full of water to be used in the sprayer. Using the correct dilution, add all the tank mix components and fill the jar with water. After shaking the container vigorously, compatibility can be measured by observing any conglomeration or

PRECAUTIONARY STATEMENTS

CAUTION: Avoid contact with eyes, skin and clothing. Use proper hygiene when handling. Impervious gloves and goggles/safety glasses/safety shield are recommended for use with the concentrate.

STATEMENT OF PRACTICAL TREATMENT

- Product causes eye irritation unless flushed immediately with water for 15 minutes. Seek medical attention.
- Do not take internally. If ingested, call physician or poison control center immediately.
- Avoid breathing vapor or spray. If inhaled, move user to fresh air and seek medical attention.
- If on skin, wash with soap and water. Remove contaminated clothing. If irritation persists, seek medical attention.

CAUTION: Keep out of reach of children.

Users are cautioned to take reasonable safety precautions when handling and applying this product. At the highest application rate, this product may cause temporary discoloration of turf.

Do not use on food crops destined for human or animal consumption.

CONDITION OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully and completely. It is impossible to eliminate all risks inherently associated with the use of this product. To the extent consistent with applicable law, Buyer and/or User assume all risks of ineffectiveness or other unintended consequences or damages that may result from conditions outside or beyond the control of LESCO, Inc. including but not limited to, such factors as manner of use or application, weather or weather conditions outside the range considered normal at the application site or for the time period in which the product is applied, the presence of other materials, incompatible products, or other influencing factors which are beyond the control of LESCO, Inc.. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and/or User, and Buyer and/or User agrees to hold LESCO, Inc. harmless for any claims relating to such factors.

LESCO, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with the Directions for Use under normal use conditions. To the extent consistent with applicable law, this warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of LESCO, Inc. and Buyer and/or User assume the risk of any such use. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, LESCO, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE BUYER AND/OR USER AND THE EXCLUSIVE LIABILITY OF LESCO, INC. FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF LESCO, INC. REPLACEMENT OF THE PRODUCT, OR IF NOT ACQUIRED BY PURCHASE, REPLACEMENT OF SUCH QUANTITY. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO EVENT SHALL LESCO, Inc., BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES.

LESCO, Inc. offers this product, and Buyer and/or User accepts it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of LESCO, Inc.
